

INVESTING WITH OWEESTA

WHO WE ARE

Oweesta is a certified Native CDFI serving as an intermediary that offers financial products and development services exclusively to Native CDFIs and Native communities. We are a national organization serving Indigenous people living in some of the most rural locations in the United States, including American Indian reservations, traditional Native lands, Hawaiian homelands, and Alaskan Native villages.

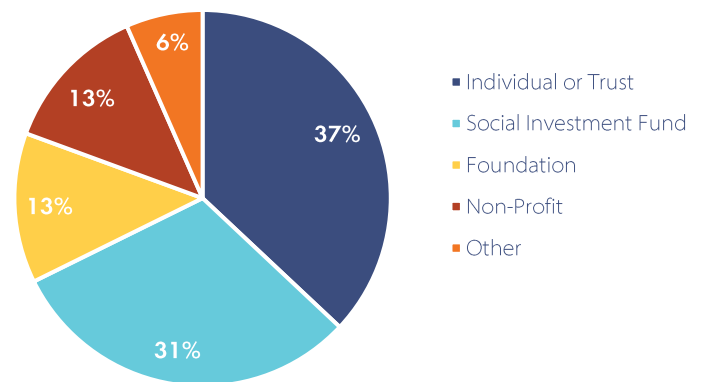

INVESTMENT PORTFOLIO GROWTH (IN MILLIONS)

WHAT WE DO

Historically, most forms of wealth have been divested from Native lands. We believe when armed with the appropriate resources, Native peoples hold the capacity and ingenuity to ensure the sustainable, economic, spiritual, and cultural well-being of their communities. We're reimagining how money can be placed in Native hands to become small businesses, homes, jobs, and much more. Fundamentally, Oweesta's priority is to provide lending capital to Native CDFIs and into the communities they serve. Our organization's investment portfolio is diversified and has been managed prudently for over 20 years.
