

Philanthropy has a unique ability to carve capital channels to sustain the next seven generations

@MDFinanceSD

Traditional Investing	Responsible Impact Investing	Sustainable Impact Investing	Thematic Impact Investing	Impact First Investing	Philanthropy
Competitive Returns	ESG Risk Management	ESG Maximum-Impact Solutions Opportunities			
Seeks financial returns regardless of Environmental, Social or Governance (ESG) factors	Investments are screened out based on ESG risk	Sustainability factors and financial returns drive investment selection	Targeted themes and financial returns drive investment selection	Social and environmental considerations take precedence over financial returns	Financial returns disregarded in favor of social and environmental solutions
	Negative Screens: Tobacco Alcohol Weapons Gambling Pornography Nuclear Energy	Factors Considered: Carbon footprint Resource use Waste reduction Compensation Product safety Gender equality	Solutions For: Climate change Population growth Urbanization Water scarcity Food systems	Support For: Innovation & Risk Taking Proof of Concept/Pilots Enabling Environments Commercial Capital Leverage	

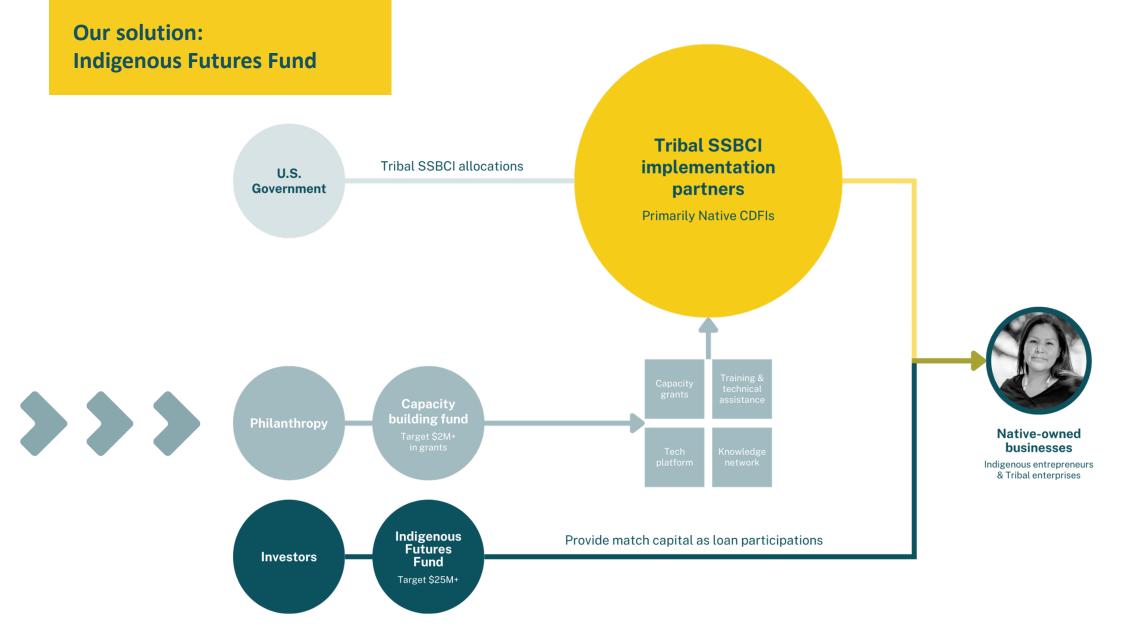

Philanthropy can combat harmful myths that limit access to opportunity for Tribes and Native people

Reduce & disprove perceptions of risk

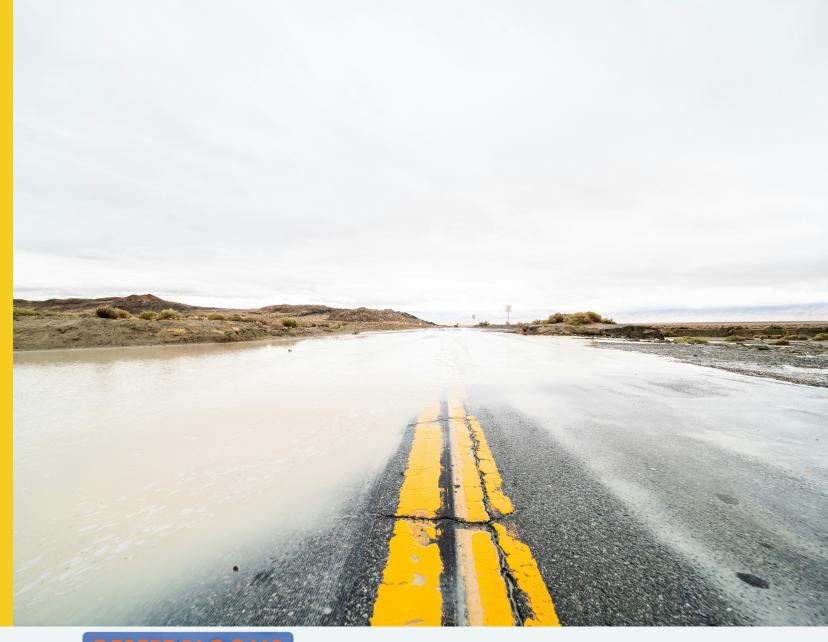

- Build capital provide the runway to establish new and sustainable models
- Catalytic capital
 - First money
 - Junior position
 - Lower rate of return
- Patient capital commit to the long haul
- Guarantees

Let's capture and channel this watershed moment of federal resources for Indian Country
